

Our Emergency Preparedness Plan

You should be given two identical forms. Write the letter A on one form and on the second form write the letter B.
 As soon as possible record all suggested information on the A form - It is your personal copy. Retain and use in an emergency.
 On the B copy only record that information that you want First Responders to know about needs of residents in your home.
 If you would like to volunteer and have any of the applicable items as listed, check the box on the Emergency Resource & Skills List
 Give the B copy to your Neighborhood Coordinator
