Ivins City 85 N. Main Street Ivins, UT 84738 (435) 628-0606 www.ivins.com An Equal Opportunity Employer

Mayor Chris Hart City Council Members:

> Sue Gordhammer Jenny Johnson Cheyne McDonald Dennis Mehr Derek Larsen

City Manager Dale Coulam

December 21, 2021

To the Honorable Mayor, Members of the City Council, and Citizens of Ivins City,

It is our pleasure to present the Annual Comprehensive Financial Report (ACFR) for Ivins City for the year ended June 30, 2021.

Utah State law requires that all local governments publish, within six months of the close of each fiscal year, the complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Annual Comprehensive Financial Report (ACFR) of Ivins City for the fiscal year ended June 30, 2021.

This report consists of management's representations concerning the finances of Ivins City. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of Ivins City has established a comprehensive internal control framework that is designed to protect the government's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of Ivins City's financial statements in conformity with generally accepted accounting principles. Since the cost of internal controls should not outweigh their benefits, Ivins City's framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material aspects.

Larson & Company, PC, a firm of certified public accountants, has audited Ivins City's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of Ivins City, for the fiscal year ended June 30, 2021 are free from material misstatement. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent audit or concluded that based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that Ivins City's financial statements for the fiscal year ended June 30, 2021, are fairly presented in conformity with generally accepted accounting principles. The independent auditor's report is presented as the first component of the financial section of this report.

The Annual Comprehensive Financial Report is presented in four sections:

- 1. *The Introductory Section*, which is unaudited, includes this letter of transmittal and the City's organizational chart.
- 2. *The Financial Section*, which includes the Management Discussion and Analysis (MD&A), the basic financial statements, and the independent auditor's report of the financial statements.
- 3. *The Statistical Section,* which is unaudited, includes selected financial and demographic information, generally presented on a multi-year basis.
- 4. *The Continuing Disclosure Section*, which includes various schedules necessary to meet the continuing disclosure requirements of various bond issues which the City has undertaken.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Ivins City was settled from 1922 to 1926 by settlers descended from Swiss immigrants.

The early settlers were sent to the "Santa Clara Bench", as the town was then called, to farm using water brought via a canal from the Santa Clara River. Culinary water was obtained from a spring known as the Snow Canyon Springs, located in Snow Canyon State Park and now known as Johnson Arch Spring. Families supported themselves through agricultural crops and grazed cattle on the Pine Valley Mountain and Pinto areas. The first survey of the original town site, completed in the 1920's, was called the Santa Clara Bench Survey.

The City was named after Anthony W. Ivins, a prominent leader of the Church of Jesus Christ of Latter-Day Saints, which was the predominate religion practiced by the early settlers. The City slowly grew in population until it was designated a Class 3 City in 1998 by the State of Utah. In 2003, Utah State created new classifications of Cities and Ivins is now classified as a Fifth Class City. Utah State statutes detail the functions to be performed by municipalities.

Ivins City is governed by a Mayor and five City Council Members elected at large for staggered four-year terms. The mayor presides over all meetings but casts no vote in the City Council except in the case of a tie vote. The City Manager is responsible for the day-to-day operations of the City as its Chief Operating Officer. Department heads are full-time employees of the City and are responsible for day-to-day operations within the framework established by the City Council. Department heads report to the City Manager and make monthly written and/or verbal reports to the Mayor and City Council.

Ivins City's departments include Public Safety, Public Works, Building and Zoning, Parks and Recreation and Administration.

• Public Safety

• Law Enforcement

The department currently has 14 full-time officers, a victim's advocate coordinator, and a chief. Beginning July 1, 2012 Ivins City law enforcement began covering Santa Clara City under an interlocal agreement.

• Fire/Emergency Medical Services

Ivins City fire department operates as primarily a volunteer department under the direction of a full-time chief. Ivins City provides 24 hour 365 days a year ambulance service under a license from the State of Utah. The Fire / EMS department combined with Santa Clara City on January 1, 2018 with the employees and equipment moving to Santa Clara.

• Animal Control

Ivins City has 2 full time and 1 part time animal control officers. The City maintains a no kill animal shelter that is aided by the help of many individuals and group volunteers. Most of the food, and much of the medical required by the animal shelter, is donated. The shelter is also aided by a primary non-profit organization: Ivins No Kill Animal Supporters (INKAS).

• Public Works

• Streets

The planned road maintenance and needed upgrades of streets was completed. The council has also committed to continue providing an adequate maintenance budget going forward.

o Water

Water is purchased by Ivins City from the Washington County Water Conservancy District, St George City and the Snow Canyon Compact. The City is responsible for maintaining the water distribution system inside the City and for billing and collection.

• Wastewater

St George City provides wastewater treatment for Ivins City. The City is responsible for maintaining the wastewater system inside the City and for billing and collection. Over the past several years Ivins City began a project to control runoff water in the City. In some areas this includes surface drainage, such as curb and gutter, and in other areas includes subsurface pipes.

• Garbage

Garbage service is provided by Republic Services and recycling pickup is provided by Dixie Waste Services. Both are under contract with the Washington County Solid Waste Special Services District. Ivins City is responsible for billing and collection.

• Engineering

A few years ago, the City hired a full-time City Engineer. Many of the City's projects are engineered by our City Engineer and is heavily involved in planning out the City's infrastructure.

• Building & Zoning

 Responsible for building and zoning. Coordinates with the Planning Commission to oversee orderly growth. During the past fiscal year, 210 new home building permits were issued.

• Parks & Recreation

Maintains two large parks with several smaller neighborhood parks, City cemetery & landscape buffers. Also provides, directly or through contract, several recreational programs.

o Administration

The administration department includes all financial, utility and other records related to the operation of the City and provides customer support to the residents. This function also is responsible for utility billing and collections.

• Legal/HR

Ivins City Manager also functions as the City attorney. He is assisted in Human Resources and payroll by full time HR Generalist.

• General Government General government is the operation of the City Council and ge

General government is the operation of the City Council and general City functions.

Economic Outlook

The City's budget for fiscal year 2022 was conservatively forecasted due to lingering effects of the worldwide COVID-19 pandemic. The City has not been materially impacted by COVID-19 from a financial perspective, neither in FY 2021 nor so far in FY 2022. Other than transient room taxes, which have seen significant declines, other revenues are relatively stable and on pace to beat budgeted revenues.

Ivins City continues to experience residential growth at a robust pace with 210 new building permits this fiscal year compared to 147 and 178 in 2020 and 2019 respectively. There is increased interest and activity in the residential area and we believe this will remain stable.

There's also growing interest in commercial opportunities within Ivins City. The Council has approved various commercial projects ranging from resorts and hotels to gas stations and restaurants. Some of these projects have broken ground already and we expect others to follow soon. While the City's growth has been strongly financed by residential growth, the tax revenues from commercial projects will strengthen the City's position by diversifying its revenue sources.

Existing Ivins businesses have been affected greatly by COVID-19. The City has taken steps to use federal Coronavirus funding to issue small business grants to businesses affected. The structure of the program incentivizes businesses to keep people employed and spend the funds on operating expenses, therefore stimulating the local economy. The applications received from businesses showed that many of our businesses were hit hard financially. Although some businesses were able to tap into other resources, such as the Paycheck Protection Program ("PPP"), significant losses and cash flow issues remained. The Ivins CARES business grants were much needed relief for the recipients.

Overall, there's still a great deal of uncertainty about the economy locally and nationally. A second wave of infections caused by the variant is threatening further restrictions to already hard-hit businesses. The original stimulus funds and programs have been depleted. ARPA (American Rescue Plan Act) Funds have been awarded to the City. The first round of funding was received by the City July of 2022, with the second round of funding to be distributed July of 2023. These funds differ from the CARES grants as they are designed to provide capital for larger city projects.

Long-Term Planning

Utah State law requires that a City must maintain a General Fund balance of at least 5% and may not exceed 35% of General Fund revenues. Currently, Ivins City's General Fund balance is 26.4% of budgeted revenues.

Ivins City has created Capital Facility Plans for each of the functional areas of the government. Those plans are constantly being reviewed considering changes in revenues and funding sources. Currently, each of the plans is being updated and the completed plans will be made available for public comment

and input before final action is taken by the council. As these plans are completed, impact fees will be established to generate revenues required for construction of infrastructure attributed to new growth.

A 5-year plan was created during the year. It will be updated annually and includes projects and staffing that the City looks to undertake during the given year. This plan was created to assist with planning and budgeting for the future.

The City sold sixteen acres along the Snow Canyon Parkway in 2020, with the proceeds being used to fund a new city hall. The construction of the new City Hall has been completed and the public feedback on the project has been overwhelmingly positive.

Beginning July 1, 2012, the law enforcement departments of Ivins and Santa Clara were combined saving approximately \$200,000 annually to the City. The two Cities have also entered into an agreement to share Justice Court facilities and services. In January 2018 the two Cities combined Fire / EMS services to provide better coverage and service to the residents of both Cities.

Financial Policies and Procedures

The following serves only as a general overview of established policies and procedures governing daily operation at Ivins City and affecting the outcome of these financial statements.

Balanced Budget

• Pursuant to §10-6-109, Utah Code Annotated, Ivins City will adopt a balanced General Fund budget by June 22.

Long-Range Planning

• Ivins City supports a financial planning process that assesses the long-term financial implications of current and proposed operating and capital budgets, budget policies, cash management and investment policies, programs and assumptions.

Asset Inventory

- Each department manager is responsible to take all reasonable measures available to prolong and assess the condition of major capital assets in their department on an annual basis.
- Methods of doing so may include such things as the procurement of insurance, regular testing of water and sewer systems, street and sidewalk replacement plans, procurement of secondary and tertiary water systems, etc.
- Ivins City Treasurer, under the direction of the City Manager, is responsible for the diversification of investments.

Revenue Policies

- Ivins City is dependent on a variety of revenue sources to cover expenditures. The burden of supporting City non-enterprise services will be equitably distributed and will protect the City from short-term fluctuations in any one revenue source.
- The City maintains timely collection systems and implements necessary enforcement strategies to collect revenues from available sources.
- The City actively supports economic development, recruitment, and retention efforts to provide for a solid revenue base.
- The City conservatively and accurately forecasts; such that actual revenues meet or exceed budgeted revenues.
- The City maintains a budgetary control system and prepares reports that compare actual revenues to budgeted amounts throughout the year.

- Fees and charges are based on the estimated cost of providing the associated service. Costs associated with the service include the use of human and capital resources and the depreciation of assets. The fee schedule is evaluated annually to extrapolate future trends.
- Ivins City is committed to minimizing the portion of operating expenditures that are funded by one-time growth revenues. To support this policy, the City analyzes current and historical operating trends annually.

Expenditure Policies

- Ivins City maintains a policy of full disclosure on financial reports and bond prospectus.
- The City pays all capital projects on a pay-as-you-go basis using current revenues when possible and practical. If a project or improvement cannot be financed with current revenue, debt will be considered.
- The City refrains from issuing debt for a period in excess of the expected useful life of the capital project.
- The City uses Special Assessment revenue or other self-supporting bonds instead of general obligation bonds, when feasible.
- The City will seek the refinancing of outstanding debt if it is determined that the City will benefit by reducing interest expense over the remaining life of the debt.
- The City will comply with State Law which limits total bond obligation to 12 percent of prior year's total assessed value for tax purposes of real and personal property, as determined by the most recent tax assessment.
- Ivins City will maintain a minimum unrestricted general fund balance of at least 5 percent (not to exceed 35 percent) of current year operating revenues. If existing reserves exceed the required level, such funds may be used to balance the budget or meet needs that may arise during the year.
- The City will use the funds from the reserve only in times of emergency or fiscal and economic hardship.
- Fund balance in excess of 5 percent may only be transferred to another fund with City Council approval of a budget amendment.

Investment and Cash Management Policy

- All unused cash is invested in a PTIF account or other approved financial institution. By so doing, the issues of safety, liquidity, and yield are addressed.
- Interest earned from investments of available cash is distributed to budgetary funds according to ownership of the investments and are reflected in the annual budget and financial statements.
- The City deposits all receipts according to the requirements of State law.
- Investments made by the City are in conformity with all requirements of the State of Utah Money Management Act and City Ordinance.

Financial Reporting Policy

- Ivins City's accounting system will maintain records in accordance with accounting standards and principles outlined in the Government Accounting Standards Board (GASB), Financial Accounting Standards Board (FASB) and the State of Utah.
- Financial reports are printed monthly and distributed to the City Manager and Department Heads. Financial reports are reviewed by the City Council at least quarterly.
- The City employs an independent accounting firm to perform an annual audit of the City's finances and make the annual audit available to all required and interested parties. The audit shall be completed and submitted to the State of Utah within 180 days of the close of the fiscal year.
- Copies of the annual budget and financial statements are available at the City offices or on the City's website, <u>www.ivins.com</u>.
- The City will seek annually to qualify for the Government Finance Officers Association's (GFOA) Certificate of Achievement for Excellence in Financial Reporting award.

Acknowledgements

We appreciate all who contributed in any way toward the presentation of this annual comprehensive financial report. The presentation of this report would not have been possible without the efficient and dedicated service of the entire staff.

Most importantly, we express our sincere thanks and appreciation to Mayor Chris Hart, members of the City Council for the many hours they spend in helping to run the City and maintain the quality of life enjoyed by the citizens of this great City and for their commitment to supporting excellence in our financial reporting.

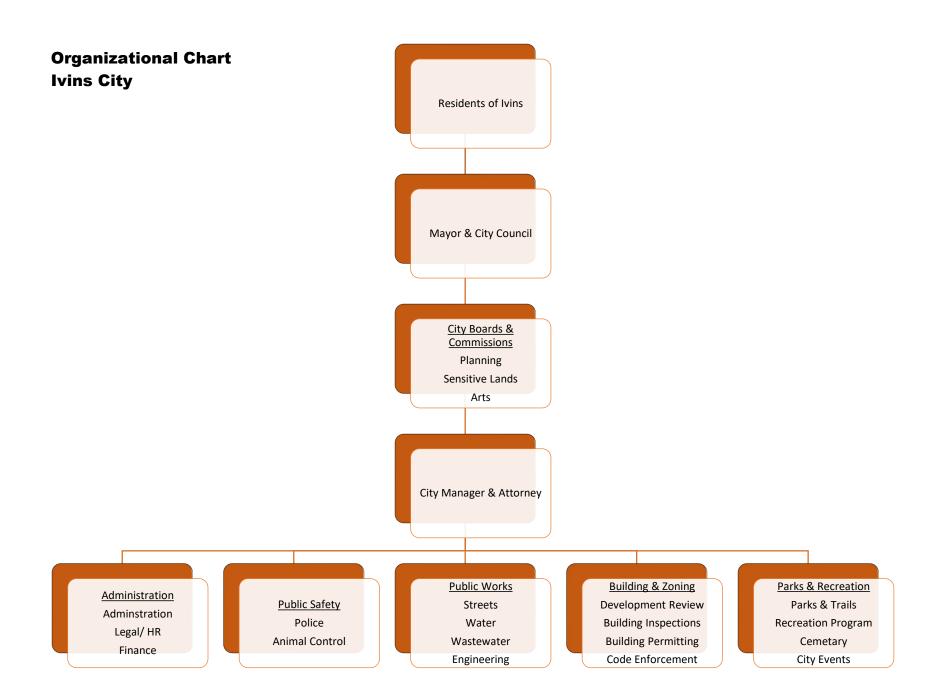

Sincerely,

Cade Visser

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the City Council Ivins City, Utah

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of lvins City, Utah (the City) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of lvins City, Utah, as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and other required supplementary information related to pensions as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2021 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

FYE 2021 MANAGEMENT'S DISCUSSION AND ANALYSIS

Prepared by Dale Coulam, City Manager and Cade Visser, Director of Finance

This narrative overview and analysis of the financial activities of Ivins City is presented for readers of Ivins City's financial statements for the fiscal year ended June 30, 2021. This section is intended to be read in conjunction with the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- *Total net position for the City as a whole increased by \$5,095,379
- *Total unrestricted net position for the City as a whole decreased by \$1,056,731
- *Total net position for governmental activities increased by \$925,152
- *Total net position for business-type activities increased by \$4,170,228

Overview of Financial Statements

This discussion and analysis is intended to serve as an introduction to Ivins City's basic financial statements. The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets, deferred outflows, liabilities, and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the fiscal year reported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

• Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The statement of activities is presented on two pages. The first page reports the extent to which each function or program is self-supporting through fees and intergovernmental aid. The second page identifies the general revenues of the City available to cover any remaining costs of the functions or programs.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City also uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. These funds are used to account for the same functions reported as governmental activities in the government-wide financial statements. Governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for government funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the government fund balance sheet and the government fund statement of the revenues, expenditures, and changes in fund balances provide reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains three major governmental funds, the general fund, the debt service fund, and the capital projects fund.

The City adopts an annual appropriated budget for all its funds. A budgetary comparison schedule has been provided to demonstrate legal compliance with the adopted budget for the general fund.

The basic governmental fund financial statements can be found later in this report; see Table of Contents.

Proprietary funds. The City maintains one type of proprietary fund, enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses two enterprise funds to account for the operations of the water, wasterwater utilities. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The enterprise funds are considered major funds of the City. The proprietary fund financial statements can be found later in this report; see Table of Contents.

Notes to the financial statements. The notes provide additional information that are essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are reported later in this report; see Table of Contents.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City.

Government-wide Financial Analysis

Ivins City's Net Position

| | Governmental Activities | | | Business-type Activities | | |
|--|----------------------------|------------------|------------------------|-----------------------------|--------------------------|---------------------------|
| | Current Year | Previous Year | Current Year | Previous Year | Total Current Year | Total Previous Year |
| Current and other assets | \$ 10,897,036 | 9,590,622 | 9,854,486 | 7,915,904 | 20,751,522 | 17,506,526 |
| Net capital assets | 25,685,602 | 24,616,302 | 28,978,528 | 26,973,071 | 54,664,130 | 51,589,372 |
| Deferred outflows of resources | 349,056 | 316,949 | 87,922 | 79,387 | 436,978 | 396,336 |
| Total assets and deferred outflows | \$ 36,931,695 | 34,523,872 | 38,920,936 | 34,968,362 | 75,852,630 | 69,492,234 |
| Long-term debt outstanding Other liabilities | \$ 4,862,110 2,024,890 | 4,141,995 | 2,801,407 1,408,627 | 3,120,257 1,372,275 | 7,663,517 3,433,518 | 7,262,252 2,992,843 |
| Deferred inflows of resources Total liabilities and | 2,489,657 | 2,131,424 | 185,660 | 120,817 | 2,675,317 | 2,252,241 |
| deferred inflows | 9,376,658 | 7,893,987 | 4,395,694 | 4,613,349 | 13,772,352 | 12,507,335 |
| Net position: Net investment in capital assets | 20,823,492 | 20,474,307 | 26,177,121 | 23,852,814 | 47,000,613 | 44,327,121 |
| Restricted | 4,293,876 | 1,770,490 | 5,450,342 | 4,110,089 | 9,744,217 | 5,880,579 |
| Unrestricted | 2,437,669 | 4,000,067 | 2,897,779 | 2,392,111 | 5,335,448 | 6,392,179 |
| Total net position | \$ 27,555,036 | 26,244,864 | 34,525,242 | 30,355,014 | 62,080,278 | 56,984,899 |

As noted earlier, net position may serve, over time, as a useful indicator of financial position. Total assets and deferred outflows of resources exceeded total liabilities and deferred inflow of resources at the close of the year by \$62,080,278, an increase of \$5,095,379 from the previous year.

Total unrestricted net position at the end of the year are \$5,335,448 which represents a decrease of \$1,056,731 from the previous year. Unrestricted net position are those resources available to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements.

The amount of current and other assets represents the amounts of cash and receivables on hand at the end of each year. Other liabilities are the amounts of current and other liabilities due, at year end, for goods and services acquired.

Changes in capital assets are the result of the difference, in the current year, of the cost of acquisition of capital assets and any depreciation charges on capital assets. Change in long-term debt is the difference in the amount of debt issued and that which has been paid during the year.

| Wastewater | - | - | 1,941,017 | 1,801,342 | 1,941,017 | 1,801,342 |
| Total expenses | 10,071,883 | 8,266,134 | 5,019,994 | 4,724,640 | 15,091,877 | 12,990,775 |
| Change in net position | \$ 925,152 | 2,301,533 | 4,170,228 | 2,425,479 | 5,095,379 | 4,727,012 |

For the City as a whole, total revenues increased by \$2,469,470 compared to the previous year, while total expenses increased by \$2,101,102. The total net change of \$5,095,379 is, in private sector terms, the net income for the year which is \$368,367 more than the previous year.

Governmental activities revenues of \$10,997,035 is an increase of \$429,368 from the previous year. All significant items of revenue increased. Total grant revenue, operating and capital, increased by \$880,236. Governmental activities expenses of \$10,071,883 is an increase of \$1,805,749 from the previous year. While general government, building/code enforcement, public safety expenses increased, highways, parks and recreation, and long-term debt interest expenses decreased.

Business-type activities revenue of \$9,190,222 is an increase of \$2,040,103 from the previous year. Service revenues increased by \$626,392 and capital grants increased by \$1,461,902. Business-type

Business-type activities revenue of \$9,190,222 is an increase of \$2,040,103 from the previous year. Service revenues increased by \$626,392 and capital grants increased by \$1,461,902. Business-type activities expenses of \$5,019,994 is an increase of \$295,354 from the previous year. This is due to an increase in water and wastewater operation expenses.

At the end of the current fiscal year, Ivins City can report positive balances in all three categories of net position, for the government as a whole, as well as for its separate government and business-type activities.

Balances and Transactions of Individual Funds

Some of the more significant changes in fund balances and fund net position and any restrictions on those amounts is described below:

General Fund

The fund balance of \$2,489,667 reflects an increase of \$334,583 from the previous year, after a prior period adjustment of \$385,021. Total revenues decreased by \$952,242. Tax revenues, including property taxes and sales taxes increased by \$619,708. Licenses and permits increased by \$317,107. Intergovernmental revenues increased by \$372,714. Charges for services increased by \$405,702. Revenue from sale of capital assets decreased by \$2,519,812. Interest revenues decreased by \$118,512. All other revenues decreased by \$29,159.

Total expenditures increased by \$673,460. General government expenditures increased by \$323,722; code enforcement expenditures increased by \$26,067; public safety expenditures increased by \$143,800; streets and highways expenditures increased by \$142,422; and parks and recreation expenditures increased by \$86,073. The transfer out of \$1,400,000 was comprised of \$1,400,000 to capital projects and \$200,000 to the debt service fund.

Water Fund

The change in net position (net income) was \$2,393,525, which included capital contributions of \$1,556,350. The amount of \$3,273,964 is restricted for construction. Unrestricted net position amounts to \$1,771,498.

Wastewater

The change in net position (net income) was \$1,776,703. Restricted amounts were \$296,046 for debt service, and \$1,880,332 for construction. Unrestricted net position amounts to \$1,126,281.

As noted earlier, Ivins City uses fund accounting to ensure and demonstrate compliance with financerelated legal requirements.

Government funds. The focus of Ivins City's *governmental funds* is to provide information on nearterm inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing Ivins City's financing requirements. Unreserved *fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of the end of the current fiscal year, Ivins City's governmental funds reported a combined ending fund balance of \$7,477,300, an increase of \$656,340 in comparison with the prior year.

The general fund is the chief operating fund of Ivins City. At the end of the 2021 fiscal year, the fund balance of the general fund was \$2,489,667. As a measure of the general fund's liquidity, it may be useful to compare both unrestricted fund balance and total fund balance to total fund expenditures. The fund balance represents 27.1% of total budgeted general fund revenues.

Other governmental funds (including special impact fee funds for Streets, Parks and Recreation, Public Safety) have a total fund balance of \$4,987,633, all of which is reserved for the construction of capital projects and debt service related items.

Proprietary funds. Ivins City's proprietary funds provides the detail for the information found in the government-wide financial statements as it is already on the accrual basis the adjustments that are made in the governmental funds do not need to be made to these funds.

Unrestricted net position for Water and Wastewater utilities at the end of the year totaled \$2,897,779.

General Fund Budgetary Highlights

Revenues for the current year, exclusive of transfers and fund balance appropriations, were originally budgeted in the amount of \$6,757,490. This amount was amended in the final budget to \$9,186,941. Actual revenues, excluding transfers, amounted to \$9,421,274.

Expenditures for the current year, excluding transfers, were originally budgeted in the amount of \$6,617,415. This amount was amended in the final budget to \$8,378,929. Actual expenditures amounted to \$7,523,620.

Net transfers out for the year were originally budgeted in the amount of \$170,075. The final budget for transfers out was \$833,880. Actual net transfers out were made in the amount of \$1,600,000.

Capital Asset and Debt Administration

Capital assets. Ivins City's investment in capital assets for its governmental and business-type activities as of June 30, 2021, amounts to \$54,664,130 (net of accumulated depreciation), an increase of \$3,109,152 from the previous year. This investment in capital assets includes water stock, land, buildings, improvements, infrastructure (roads, water lines, and sewer lines), autos and trucks, machinery and equipment, office and work in progress. More detail on capital assets can be found in the Note 3-C Capital Assets.

Ivins City's Capital Assets (net of depreciation)

Long-term debt. At year-end, the City had \$7,417,110 in bonds and notes outstanding—an increase of 6.9% over the last year—as shown in the table entitled *IVINS CITY'S OUTSTANDING DEBT*. Moody's Investor Service issued their annual comment on Ivins revenue bonds and the City maintained an A1 rating. More detailed information about the City's long-term liabilities is presented in Note 3-D Long-Term Debt.

Economic Factors and Next Year's Budgets and Rates

There's a lot of uncertainty around the local and national economy due to COVID-19. At the time of this writing, a third wave of Coronavirus infections is sweeping the world and it's not clear how the government or the economy will respond to what lies ahead.

Requests for Information

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of Ivins City's finances and to demonstrate the City's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Dale Coulam, Ivins City Manager, 85 North Main, Ivins City, Utah, 84738 or via e-mail <u>dcoulam@ivins.com</u>.

Ivins City RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended June 30, 2021

| Net Change in Fund Balances - Total Governmental Funds | \$ 271,319 |
|--|---|
| Amounts reported for governmental activities in the statement of activities are different because: | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets with a material cost are | |
| capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expenses. | |
| Capital outlays Depreciation expense Net | 2,510,821 (1,441,520) 1,069,301 |
| The statement of activities show pension benefits, pension expenses, and non-employer contributions related to GASB 68 that are not shown in the fund statements. | 292,949 |
| Long-term debt proceeds are reported as financing sources in governmental funds. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Long-term debt issuance | (2,500,000) |
| Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Long-term debt principal repayments | 1,779,884 |
| Accrued interest for long-term debt is not reported as expenditure for the current period, while it is recorded in the statement of activities. Change in accrued interest | 13,371 |
| Compensated absences expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in governmental funds. Change in compensated absence liability | (1,673) |
| Change in Net Position of Governmental Activities | \$ 925,150 |

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1-A. Reporting entity

Ivins City (the City), is a municipal corporation located in Washington County, Utah. The City operates under a Six Member Council form of government with a City Manager by ordinance.

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. The financial statements of the City have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to government units. The Governmental Accounting Standards Board is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

1-B. Government-wide and fund financial statements

Government-wide Financial Statements

The government-wide financial statements, consisting of the statement of net position and the statement of changes in net position report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of inter-fund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Indirect expenses are not allocated. All expenses are included in the applicable function. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privilege provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, if any, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statement.

1-C. Measurement focus, basis of accounting and financial statement presentation

The financial statements of the City are prepared in accordance with generally accepted accounting principles (GAAP).

The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting, generally including the reclassification of internal activity (between or within funds). However, internal eliminations do not include utility services provided to City departments or payments to the general fund by other funds for providing administrative and billing services for such funds. Reimbursements are reported as reductions to expenses. Proprietary and any fiduciary fund financial statements are also reported using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax revenues are recognized in the year for which they are levied while grants are recognized when the grantor eligibility requirements are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, intergovernmental revenues, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments, if any, receivable within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Proprietary funds distinguish *operating* revenues and expenses from non-operating items. Operating income and expense reported in proprietary fund financial statements include those revenues and expenses related to the primary, continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for sales or services. Principal operating expenses are the costs of providing goods or services, including administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

Policy regarding use of restricted resources

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed. Restricted assets and liabilities payable from restricted assets current in nature are reported with current assets and current liabilities. Restricted assets, non-current reports assets restricted for acquisition or construction of non-current assets, or are restricted for liquidation of long-term debt.

1-D. Fund types and major funds

Governmental funds

The City reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The debt service fund accounts for the payment of the general long-term debt of the government.

The *capital projects* fund accounts for financial resources used for the acquisition or construction of the capital facilities of the City (other than those of the enterprise funds).

Proprietary funds

The City reports the following major proprietary funds:

The *water fund* is used to account for the activities of the culinary water distribution.

The *wastewater fund* is used to account for the operations of the sewer system.

1-E. Assets, Liabilities, and Net Position or Equity

1-E-1. Deposit and Investments

Investments are reported at fair value. Deposits are reported at cost, which approximates fair value. Investments of the City are accounts at the Utah Public Treasurers Investments Fund. Additional information is contained in Note 3.

1-E-2. Cash and Cash Equivalents

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

1-E-3. Receivables and Payables

Accounts receivable other than property taxes and intergovernmental receivables are from customers primarily for utility services. Property tax and intergovernmental receivables are considered collectible. Customer accounts are reported net of an allowance for uncollectible accounts. The allowance amount is estimated using accounts receivable past due more than 90 days.

During the course of operations, there may be transactions occur between funds that are representative of lending/borrowing arrangements outstanding at year-end. These are reported as either due to or due from other funds.

Property taxes are assessed and collected for the City by Washington County and remitted to the City shortly after collection. Property taxes become a lien on January 1 and are levied on the first Monday in August. Taxes are due and payable on November 1, and are delinquent after November 30. All dates are in the year of levy.

1-E. Assets, Liabilities, and Net Position or Equity (continued)

1-E-4. Restricted Assets

In accordance with certain revenue bond covenants, resources may be required to be set aside for the repayment of such bonds, and, on occasion, for the repair and maintenance of the assets acquired with the bond proceeds. These resources are classified as restricted assets on the balance sheet because of their limited use. Most capital grant agreements mandate that grant proceeds be spent only on capital assets. Unspent resources of this nature are also classified as restricted. The limited use resources described above involve a reported restriction of both cash and net assets.

Unspent proceeds of bonds issued to finance capital assets are also reported as restricted cash

1-E-5. Inventories and Prepaid items

All inventories, which mainly consist of immaterial amounts of expendable supplies for consumption, are not reported. Such supplies are acquired as needed. Proprietary fund inventories, where material, are stated at the lower of cost or market, using the first-in, first-out basis.

Prepaid items record payments to vendors that benefit future reporting and are reported on the consumption basis. Both inventories and prepayments are similarly reported in government-wide and fund financial statements.

1-E-6. Capital Assets

Capital assets includes property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), and are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost or at estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Infrastructure is depreciated.

The cost of normal maintenance and repairs that does not add to the value of an asset or materially extend the assets' life is not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Upon retirement or disposition of capital assets, the cost and related accumulated depreciation are removed from the respective accounts. Depreciation of capital assets is computed using the straight-line method over their estimated useful lives.

Property, plant, and equipment of the primary government, as well as the component units if any, is depreciated using the straight-line method over the following estimated useful lives:

| Assets | Years |
|----------------------------|-------|
| Buildings and improvements | 30-40 |
| Machinery and equipment | 5-10 |
| Autos and trucks | 5-7 |
| Infrastructure | 20-40 |
| Parks | 15-40 |

1-E. Assets, Liabilities, and Net Position or Equity (continued)

1-E-7. Long-term Obligations

In the government-wide and proprietary fund financial statements, long-term debt and obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net assets. Bond issuance costs, bond discounts or premiums, and the difference between the reacquisition price and the net carrying value of refunded debt are deferred and amortized over the terms of the respective bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period. Issuance costs are reported as expenditures.

1-E-8. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plan (URS) and additions to/deductions from URS's fiduciary net position have been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

1-E-9. Fund Equity

Government-wide Financial Statements

Equity is classified in the government-wide financial statements as net position and is displayed in three components:

Net investment in capital assets - Capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position - Net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted net position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

Fund Financial Statements

In the fund financial statements governmental fund equity is classified as fund balance. Fund balance is further classified as Nonspendable, Restricted, Committed, Assigned or Unassigned. Descriptions of each follow:

Nonspendable fund balance - This classification includes mounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact. Fund balance amounts related to inventories, prepaid expenditures, and endowments are classified as nonspendable.

1-E. Assets, Liabilities, and Net Position or Equity (continued)

1-E-9. Fund Equity (continued)

Restricted fund balance - This classification includes net fund resources that are subject to external constraints that have been placed on the use of the resources either a) imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of the government or b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance - This classification includes amounts that can only be used for specific purposes established by formal action of the City Council, with is the City's highest level of decision-making authority. Fund balance commitments can only be removed or changed by the same type of action (for example resolution) of the City Council. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance - This classification includes amounts that the City intends to be used for a specific purpose but are neither restricted nor committed. These are established by the City Council. This category includes the remaining positive fund balances for governmental funds other than the general fund.

Unassigned fund balance - Residual classification of the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

Proprietary fund equity is classified the same as in the government-wide statements

1-E-10. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results may differ from those estimates.

1-E-11. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes include a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports deferred outflows of resources related to pensions as required by GASB 68.

In addition to liabilities, the statement of net position will sometimes include a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. Property taxes to be collected in November were unavailable in the current fiscal year. Accordingly, these property taxes are deferred and will be recognized as an inflow of resources in the period that the amounts become available. The City also reports deferred inflows of resources related to pensions as required by GASB 68.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

2-A. Budgetary data

Annual budgets are prepared and adopted by ordinance by total for each department, in accordance with State law, by the Mayor and City Council on or before June 22 for the following fiscal year beginning July 1. Estimated revenues and appropriations may be increased or decreased by resolution of the City Council at any time during the year. A public hearing must be held prior to any proposed increase in a fund's appropriations. Budgets include activities in the General Fund. The level of the City's budgetary control (the level at which the City's expenditures cannot legally exceed appropriations) is established at the department level. Each department head is responsible for operating within the budget for their department. All annual budgets lapse at fiscal year end.

Utah State law prohibits the appropriation of unassigned General Fund balance to an amount less than 5% of the General Fund revenues. The 5% reserve that cannot be budgeted is used to provide working capital until tax revenue is received, to meet emergency expenditures, and to cover unanticipated deficits. Any unassigned General Fund balance greater than 35% of the current year's actual revenues must be appropriated within the following two years.

Once adopted, the budget may be amended by the City Council without hearing provided the budgeted expenditures do not exceed budgeted revenues and appropriated fund balance. A public hearing must be held if the budgeted expenditures will exceed budgeted revenues and any fund balance which is available for budgeting. With the consent of the Mayor, department heads may reallocate unexpended appropriated balances from one expenditure account to another within that department during the budget year. Budgets for the General Fund are prepared on the modified accrual basis of accounting. Encumbrances are not used.

NOTE 3 - DETAILED NOTES

3-A. Deposits and investments

Cash and investments as of June 30, 2021 consist of the following:

| | Fa | ir Value | |
|----------------------------------|------|---------------|--|
| Cash on hand | \$ | 1,320 | |
| Demand deposits - checking | | 1,171,859 | |
| Bond reserve bank trust accounts | | 296,049 | |
| Deposits - PTIF | 1′ | 17,552,952 | |
| Total cash | \$ 1 | \$ 19,022,180 | |

Cash and investments listed above are classified in the accompanying government-wide statement of net position as follows:

| Cash and cash equivalents - Agency Fund | 1,994,967 |
|--|---------------|
| Restricted cash and cash equivalents (non-current) | 9,696,993 |
| Total cash and cash equivalents | \$ 19,022,180 |

Cash equivalents and investments are carried at fair value in accordance with GASB Statement No. 72.

3-A. Deposits and investments (continued)

The Utah Money Management Act (UMMA) establishes specific requirements regarding deposits of public funds by public treasurers. UMMA requires that city funds be deposited with a qualified depository which includes any depository institution which has been certified by the Utah State Commissioner of Financial Institutions as having met the requirements specified in UMMA Section 51, Chapter 7. UMMA provides the formula for determining the amount of public funds which a qualified depository may hold in order to minimize risk of loss and also defines capital requirements which an Institution must maintain to be eligible to accept public funds. UMMA lists the criteria for investments and specifies the assets which are eligible to be invested in, and for some investments, the amount of time to maturity.

UMMA enables the State Treasurer to operate the Public Treasurer's Investment Pool (PTIF). PTIF is managed by the Utah State Treasurer's investment staff and comes under the regulatory authority of the Utah Money Management Council. This council is comprised of a select group of financial professionals from units of local and state government and financial institutions doing business in the state. PTIF operations and portfolio composition is monitored at least semi-annually by the Utah Money Management Council. PTIF is unrated by any nationally recognized statistical rating organizations. Deposits in PTIF are not insured or otherwise guaranteed by the State of Utah. Participants share proportionally in any realized gains or losses on investments which are recorded on an amortized cost basis. The balance available for withdrawal is based on the accounting records maintained by PTIF. The fair value of the investment pool is approximately equal to the value of the pool shares. The City maintains monies not immediately needed for expenditure in PTIF accounts.

Deposit and Investment Risk

The City maintains no investment policy containing any specific provisions intended to limit the City's exposure to interest rate risk, credit risk, and concentration of credit risk other than that imposed by UMMA. The City's compliance with the provisions of UMMA addresses each of these risks.

At June 30, 2021, the City's bank balance of demand and bank trust deposits total \$1,449,223 and the book balance is \$1,463,076. Of these deposits, \$501,860 is covered by FDIC insurance; \$947,363 is uninsured and uncollateralized.

Fair Value of Investments

The City measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows: Level 1--Quoted prices for identical investments in active markets; Level 2-- Observable inputs other than quoted market prices; and, Level 3--Unobservable inputs. At June 30, 2021 the City's investments had the following recurring fair value measurements:

| Security Type Category | Level 1 | Level 2 | Level 3 | Other | Total |
|--------------------------|---------|------------|---------|-------|------------|
| PTIF | \$ | 17,552,952 | - | - | 17,552,952 |
| Total Investments | \$ | 17,552,952 | | _ | 17,552,952 |

3-A. Deposits and investments (continued)

Interest rate risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. All deposits and investments of the City are available immediately.

Credit risk & custodial credit risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligations.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City does have a formal policy for custodial credit risk. All investments other than bank deposits or funds invested in the state treasurers fund are to be held by a third party with securities delivered on a delivery vs. purchase basis. As of June 30, 2021, the City kept all investments with custodian counterparty Wells Fargo Bank, NA and all investments which was/were held by the counterparty's trust department or agent are registered in the City's name.

Concentration of credit risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. City of Ivins's policy for reducing this risk of loss is to comply with the Rules of the Money Management Council. Rule 17 of the Money Management Council limits investments in a single issuer of commercial paper and corporate obligations to 5-10% depending upon the total dollar amount held in the portfolio.

At June 30, 2021, City of Ivins does not hold more than 10 percent of total investments in any single security concentration other than U. S. Government Treasuries and Agencies.

3-B. Receivables

The allowance policy is described in Note 1-E-3. Receivables as of year-end for the City's funds are shown below. All receivables are deemed collectible.

| | General Fund | Debt Service Fund | Capital Projects Fund | Water Fund | Wastewater Fund | Total |
|---------------------|-----------------|-------------------------|-----------------------------|---------------|--------------------|-----------|
| | | 1 unu | I ullu | 1 unu | | |
| Property taxes | \$ 1,800,520 | - | - | - | - | 1,800,520 |
| Intergovernmental | 569,718 | - | - | - | - | 569,718 |
| Customers | 412,892 | - | 92,298 | 389,275 | 207,030 | 1,101,494 |
| Special assessments | - | 252,577 | - | - | - | 252,577 |
| Total receivables | \$ 2,783,130 | 252,577 | 92,298 | 389,275 | 207,030 | 3,724,309 |

3-C. Capital Assets

Capital asset activity for the governmental activities was as follows:

| | Beginning | | | Ending |
|---|---------------|-----------|-------------|---------------|
| Governmental activities | Balance | Additions | Retirements | Balance |
| Capital assets, not being depreciated: | | | | |
| Land rights | \$ 953,252 | 600 | - | 953,852 |
| Construction in progress | 63,378 | 12,411 | - | 75,789 |
| Total capital assets, not being depreciated | 1,016,631 | 13,011 | - | 1,029,642 |
| | | | | |
| Capital assets, being depreciated: | 1 7 47 501 | | | 1 7 4 7 5 2 1 |

| 2042 | 156,000 | 3,900 | 159,900 |
| Total | \$ 4,862,110 | 922,460 | 5,784,570 |

The City has outstanding bonds and other direct borrowings related to governmental activities totaling \$4,862,110. The outstanding bonds and other direct borrowings are all secured with their respective revenues and/or property and equipment.

3-D. Long-term debt (continued)

Long-term debt activity for the business-type activities was as follows:

| | | | | | | | Due |
|-------------------------|-------------|------|--------------|-----------|------------|-----------|----------|
| | Original | % | Beginning | | | Ending | Within |
| | Principal | Rate | Balance | Additions | Reductions | Balance | One Year |
| 2016 Storm Water Rev | /enue | | | | | | |
| Matures 10/1/2036 | \$3,680,000 | 4.00 | \$ 2,795,000 | - | 240,000 | 2,555,000 | 245,000 |
| Total business-type act | ivity | | · | | | | |
| long-term liabilities | | | \$ 2,795,000 | - | 240,000 | 2,555,000 | 245,000 |

Bond debt service requirements to maturity for business-type activities are as follows:

| | Principal | Interest | Total |
|-------------|--------------|----------|-----------|
| 2022 | \$ 245,000 | 97,300 | 342,300 |
| 2023 | 250,000 | 87,400 | 337,400 |
| 2024 | 265,000 | 77,100 | 342,100 |
| 2025 | 275,000 | 66,300 | 341,300 |
| 2026 | 290,000 | 55,000 | 345,000 |
| 2027 - 2031 | 790,000 | 138,400 | 928,400 |
| 2032 - 2036 | 360,000 | 53,400 | 413,400 |
| 2037 | 80,000 | 1,600 | 81,600 |
| Total | \$ 2,555,000 | 576,500 | 3,131,500 |
| | | | |

The City has outstanding bonds related to business-type activities totaling \$2,555,000. The outstanding bonds are secured with their respective revenues.

Conduit Debt:

In September 2015, the City approved resolution 2015-24R, authorizing the issuance of Industrial Revenue Bonds not to exceed \$7,000,000 on behalf of Tuacahn Center for the Arts, a private enterprise. The issuance of such bonds allows the business to borrow money using tax exempt bonds. The City is not liable for repayment of the debt. Accordingly, the bonds are not reported as a liability in the City's financial statements. Based on the bank's debt service schedule, there was \$4,633,000 outstanding on the Industrial Revenue Bonds, as of June 30, 2021.

3-D. Long-term debt (continued)

Capital Lease Commitments:

The City has entered into lease agreements, which are considered capital leases in accordance with Financial Accounting Standard Board statement number 13. These capital leases are included in the schedules on the previous two pages. Accumulated amortization (depreciation) on the equipment acquired under leases was \$312,935 at June 30, 2021.

A summary of the assets acquired through capital leases is as follows:

| | Governmenta | l |
|--------------------------|-------------|---|
| Asset: | Activities | |
| 2017 Ford Explorer | \$ 28,000 | |
| 2017 Ford Explorer | 28,000 | |
| 2017 Ford Explorer | 28,000 | |
| 2017 Ford Explorer | 28,000 | |
| 2017 Ford Explorer | 28,000 | |
| 2017 Fire Truck | 486,284 | |
| Accumulated amortization | (312,935) |) |
| Net | \$ 313,349 | |

Amortization of capital assets purchased under capital leases is included in depreciation.

The following is the present value of future minimum capital lease payments under these leases as of June 30, 2020:

| | Gov | vernmental |
|---|-----|------------|
| Fiscal Year | А | ctivities |
| 2022 | \$ | 47,829 |
| 2023 | | 47,829 |
| 2024 | | 47,829 |
| Total minimum lease payments | | 143,487 |
| Less amounts representing interest | | (12,205) |
| Present value of minimum lease payments | \$ | 131,282 |

3-D. Long-term debt (continued)

| Other long-term liabilities: | | | | |
|------------------------------|----|----------|------------|---------|
| Compensated absences: | В | eginning | (Decrease) | Ending |
| Governmental | \$ | 156,796 | 1,673 | 158,468 |
| Business-type | | 55,908 | (1,350) | 54,559 |
| Total | \$ | 212,704 | 323 | 213,027 |
| Net pension liability: | | | | |
| Governmental | \$ | 745,006 | (504,775) | 240,231 |
| Business-type | | 201,168 | (134,181) | 66,987 |
| Total | \$ | 946,174 | (638,956) | 307,218 |

3-E. Interfund receivable, payables, and transfers

Interfund transfers:

| | Transfers In | | Transfers Out |
|------------------------------|--------------|-------|---------------|
| General Fund | \$ | - | 1,600,000 |
| Debt Service Fund | 39 | 9,384 | - |
| Capital Projects Fund | 3,29 | 0,000 | 3,564,646 |
| Municipal Building Authority | 3,36 | 5,263 | 1,890,000 |
| Total | \$ 7,05 | 4,646 | 7,054,646 |

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) move unrestricted revenues collected in the general fund to finance various programs accounted for in the other funds in accordance with budgetary authorizations.

NOTE 4 - OTHER INFORMATION

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Risk financing activities are accounted for in various operating funds, with unallocated or City-wide activities being accounted for in the general fund.

The City maintains insurance for general liability, auto liability, and employee dishonesty through the Utah Local Government Trust.

Worker's compensation coverage is also carried through the Utah Local Government's Insurance Trust.

4-B. Contingent liabilities

Amounts received or receivable from granting agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

4-C. Pension Plans

General Information about the Pension Plan

Plan description:

Eligible plan participants are provided with pensions through the Utah Retirement Systems. The Utah Retirement Systems are comprised of the following Pension Trust funds:

- Public Employees Noncontributory Retirement System (Noncontributory System) is a multiple employer, cost sharing, public employee retirement system;
- The Public Safety Retirement System (Public Safety System) is a mixed agent and cost-sharing, multiple-employer public retirement system;
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System) is a multiple employer cost sharing public employer retirement system;
- Tier 2 Public Safety and Firefighter Contributory Retirement System (Tier 2 Public Safety and Firefighters System) is a multiple employer, cost sharing, public employee retirement system.

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System.

The Utah Retirement Systems (Systems) are established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms.

URS issues a publicly available financial report that can be obtained by writing Utah Retirement Systems, 560 E. 200 S., Salt Lake City, Utah 84102 or visiting the website: www.urs.org.

4-C. Pension Plans (continued)

Benefits provided:

URS provides retirement, disability, and death benefits. Retirement benefits are as follows:

| | | Years of service required | d | |
|---|--------------------|---|---|---|
| | Final Average | and/or age eligible for | Benefit percentage | |
| System | Salary | benefit | per year of service | Cola ** |
| Noncontributory System | Highest 3 Years | 30 years any age 25 years any age* 20 years age 60* 10 years age 62* 4 years age 65 | 2.0% per year all years | Up to 4% |
| Public Safety System | Highest 3 Years | 20 years an age 10 years age 60 4 years age 65 | 2.5% per year up to 20 years;2.0% per year over 20 years | Up to 2.5 % to 4% depending on the employer |
| Tier 2 Public Employees System | Highest 5 Years | 35 years any age 20 years any age 60* 10 years age 62* 4 years age 65 | 1.5% per year all years | Up to 2.5% |
| Tier 2 Public Safety and Firefighter System | Highest 5 Years | 25 years any age 20 years any age 60* 10 years age 62* 4 years age 65 | 1.5% per year all years 2.00% per year July 2020 to present | Up to 2.5% |

* with actuarial reductions

** All past-retirement cost-of-living adjustments are non-compounding and are based on the original benefit except for Judges, which is a compounding benefit. The cost-of-living adjustments are also limited to the actual Consumer Price Index (CPI) increase for the year, although unused CPI increases not met may be carried forward to subsequent years.

Contributions:

As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the URS Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability.

4-C. Pension Plans (continued)

Contribution rates are as follows:

| | Employee | Employer Contribution | Employer Rate for |
|--------------------------------------|----------|--------------------------|----------------------|
| Utah Retirement Systems | Paid | Rate | 401(k) Plan |
| Contributory System | | | |
| 111 - Local Government Div - Tier 2 | N/A | 15.80 | 0.89 |
| Noncontributory System | | | |
| 15 - Local Government Div - Tier 1 | N/A | 18.47 | N/A |
| Public Safety System | | | |
| Contributory | | | |
| 122 - Tier 2 DB Hybrid Public Safety | N/A | 25.83 | N/A |
| Noncontributory | | | |
| 43 - Other Div A with 2.5% COLA | N/A | 34.04 | N/A |
| Firefighters Retirement System | | | |
| 31 - Other Division A | 15.05 | 4.61 | N/A |
| 132 - Tier 2 DB Hybrid Firefighters | N/A | 14.08 | N/A |
| Tier 2 DC Only | | | |
| 211 - Local Government | N/A | 6.69 | 10.00 |
| 222 - Public Safety | N/A | 11.83 | 14.00 |
| 232 - Firefighters | N/A | 0.08 | 14.00 |

Tier 2 rates include a statutory required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans.

For the fiscal year ended June 30, 2021, the employer and employee contributions to the Systems were as follows:

| | E | Imployer | Employee |
|--|----|-------------|---------------|
| System | Co | ntributions | Contributions |
| Noncontributory System | \$ | 187,991 | N/A |
| Public Safety System | | 109,175 | - |
| Tier 2 Public Employees System | | 125,319 | - |
| Tier 2 Public Safety and Firefighter | | 75,946 | 10,726 |
| Tier 2 DC Only System | | 5,330 | N/A |
| Tier 2 DC Public Safety and Firefighter System | | 9,238 | N/A |
| Total Contributions | \$ | 512,998 | 10,726 |

Contributions reported are the URS Board approved required contributions by System. Contributions in the Tier 2 Systems are used to finance the unfunded liabilities in the Tier 1 Systems.

4-C. Pension Plans (continued)

Combined Pension Assets, Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

At June 30, 2021, we reported a net pension asset of \$0 and a net pension liability of \$307,218.

| | (Measurement Date): December 31, 2020 | | | | | Proportionate | |
|--------------------------------------|---------------------------------------|-------|-------------------------|-----------|---------------|---------------|--------------|
| | Net Pension | | Net Pension Net Pension | | Proportionate | Share | Change |
| | A | Asset | Ι | Liability | Share | 12/31/2019 | (Decrease) |
| Noncontributory System | \$ | - | \$ | 67,490 | 0.1315743% | 0.1300399% | 0.0015344% |
| Public Safety System | | - | | 218,155 | 0.2627614% | 0.2659734% | (0.0032120%) |
| Tier 2 Public Employees System | | - | | 6,949 | 0.0483175% | 0.0455433% | 0.0027742% |
| Tier 2 Public Safety and Firefighter | | - | | 14,624 | 0.1630381% | 0.1996096% | (0.0365715%) |
| Total | \$ | - | \$ | 307,218 | | | |

The net pension asset and liability was measured as of December 31, 2020, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2020 and rolled-forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer's actual contributions to the Systems during the plan year over the total of all employer contributions to the System during the plan year.

For the year ended June 30, 2021, we recognize pension expense of \$145,478.

At June 30, 2021, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources:

| | Ι | Deferred | I | Deferred |
|---|----|-----------|----|-----------|
| | (| Dutflows | | Inflows |
| | of | Resources | of | Resources |
| Difference between expected and actual experience | \$ | 144,655 | \$ | 3,398 |
| Changes in assumptions | | 12,188 | | 16,853 |
| Net difference between projected and actual earnings on pension | | | | |
| plan investments | | - | | 804,379 |
| Changes in proportion and differences between contributions | | | | |
| and proportionate share of contributions | | 20,622 | | 50,168 |
| Contributions subsequent to the measurement date | | 259,513 | | |
| Total | \$ | 436,979 | \$ | 874,798 |

\$259,513 was reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2020. These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year.

4-C. Pension Plans (continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| | Net Deferred Outflows (Inflows) |
|-------------------------|------------------------------------|
| Year Ended December 31, | of Resources |
| 2021 | \$ (216,730) |
| 2022 | (90,750) |
| 2023 | (279,152) |
| 2024 | (130,839) |
| 2025 | 2,981 |
| Thereafter | 17,156 |

Noncontributory System Pension Expense, and Deferred Outflows and Inflows of Resources:

For the year ended June 30, 2021, we recognize pension expense of \$34,731.

At June 30, 2021, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources:

| | Γ | Deferred | Ι | Deferred |
|---|-----|-----------|----|-----------|
| | С | outflows | | Inflows |
| | ofl | Resources | of | Resources |
| Difference between expected and actual experience | \$ | 90,543 | \$ | - |
| Changes in assumptions | | - | | 8,828 |
| Net difference between projected and actual earnings | | | | |
| on pension plan investments | | - | | 492,817 |
| Changes in proportion and differences between contributions | | | | |
| and proportionate share of contributions | | 3,933 | | 19,882 |
| Contributions subsequent to the measurement date | | 94,820 | | - |
| Total | \$ | 189,296 | \$ | 521,527 |

\$94,820 was reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2020. These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year.

| | Net Deferred |
|-------------------------|--------------------|
| | Outflows (Inflows) |
| Year Ended December 31, | of Resources |
| 2021 | \$ (121,665) |
| 2022 | (52,825) |
| 2023 | (170,858) |
| 2024 | (81,703) |
| 2025 | - |
| Thereafter | - |
| | |

4-C. Pension Plans (continued)

Public Safety System Pension Expense, and Deferred Outflows and Inflows of Resources:

For the year ended June 30, 2021, we recognize pension expense of (\$3,757).

At June 30, 2021, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources:

| Pointoine from the form of good office | | | | |
|---|-----|-----------|----|-----------|
| | Γ | Deferred | Ι | Deferred |
| | С | outflows | | Inflows |
| | ofl | Resources | of | Resources |
| Difference between expected and actual experience | \$ | 40,154 | \$ | 211 |
| Changes in assumptions | | - | | 6,205 |
| Net difference between projected and actual earnings | | | | |
| on pension plan investments | | - | | 281,903 |
| Changes in proportion and differences between contributions | | | | |
| and proportionate share of contributions | | - | | 28,330 |
| Contributions subsequent to the measurement date | | 57,539 | | - |
| Total | \$ | 97,693 | \$ | 316,649 |

\$57,539 was reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2020. These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year.

| Year Ended December 31, | Net Deferred Outflows (Inflows) of Resources |
|-------------------------|--|
| <u>2021</u> | \$ (91,778) |
| 2021 | (36,522) |
| 2023 | (101,468) |
| 2024 | (46,727) |
| 2025 | - |
| Thereafter | - |

4-C. Pension Plans (continued)

Firefighters System Pension Expense, and Deferred Outflows and Inflows of Resources:

For the year ended June 30, 2021, we recognize pension expense of \$2,148.

At June 30, 2021, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources:

| | De | eferred | Def | erred |
|---|------|----------|--------|---------|
| | Oı | utflows | Infl | ows |
| | of R | esources | of Res | sources |
| Difference between expected and actual experience | \$ | - | \$ | - |
| Changes in assumptions | | - | | - |
| Net difference between projected and actual earnings | | | | |
| on pension plan investments | | - | | - |
| Changes in proportion and differences between contributions | | | | |
| and proportionate share of contributions | | 4,580 | | - |
| Contributions subsequent to the measurement date | | - | | - |
| Total | \$ | 4,580 | \$ | - |

\$0 was reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2020. These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year.

| | Net Deferred |
|-------------------------|--------------------|

| 2024 | (1,034) |
| 2025 | 610 |
| Thereafter | 5,636 |
| | |

4-C. Pension Plans (continued)

Actuarial assumptions:

The total pension liability in the December 31, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.50 Percent |
|---------------------------|---|
| Salary increases | 3.25 - 9.75 percent, average, including inflation |
| Investment rate of return | 6.95 percent, net of pension plan investment |
| | expense, including inflation |

Mortality rates were adopted from an actuarial experience study dated January 1, 2020. The retired mortality tables are developed using URS retiree experience and are based upon gender, occupation, and age as appropriate with projected improvement using 80% of the ultimate rates from the MP-2019 improvement assumption using a base year of 2020. The mortality assumption for active members is the PUB-2010 Employees Mortality Table for public employees, teachers, and public safety members, respectively.

The actuarial assumptions used in the January 1, 2020, valuation were based on the results of an actuarial experience study for the five-year period ending December, 31, 2019.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best- estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| | | Expected Return Arithmetic Basis | | | |
|---------------------------|------------|----------------------------------|-------------|--------------------|--|
| | _ | | Real Return | Long Term expected | |
| | | Target Asset | Arithmetic | portfolio real | |
| Assets class | | Allocation | Basis | rate of return | |
| Equity securities | | 37% | 6.30% | 2.33% | |
| Debt securities | | 20% | 0.00% | 0.00% | |
| Real assets | | 15% | 6.19% | 0.93% | |
| Private equity | | 12% | 9.50% | 1.14% | |
| Absolute return | | 16% | 2.75% | 0.44% | |
| Cash and cash equivalents | | 0% | 0.00% | 0.00% | |
| Totals | | 100.00% | | 4.84% | |
| | Inflation | | | 2.50% | |
| | Expected a | arithmetic nominal ret | turn | 7.35% | |

The 6.95% assumed investment rate of return is comprised of an inflation rate of 2.50%, a real return of 4.45% that is net of investment expense.

4-C. Pension Plans (continued)

Discount rate:

The discount rate used to measure the total pension liability was 6.95 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate. The discount remained unchanged at 6.95 percent.

Sensitivity of the proportionate share of the net pension asset and liability to changes in the discount rate:

The following presents the proportionate share of the net pension liability calculated using the discount rate of 6.95 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.95 percent) or 1-percentage-point higher (7.95 percent) than the current rate:

| | 19 | % Decrease | Dis | scount Rate | 1 | % Increase |
|--------------------------------------|----|------------|-----|-------------|----|-------------|
| System | | (5.95%) | | (6.95%) | | (7.95%) |
| Noncontributory System | \$ | 1,170,078 | \$ | 67,490 | \$ | (851,683) |
| Public Safety System | | 921,019 | | 218,155 | | (352,569) |
| Tier 2 Public Employees System | | 116,938 | | 6,949 | | (77,189) |
| Tier 2 Public Safety and Firefighter | | 68,946 | | 14,624 | | (28,702) |
| Total | \$ | 2,276,981 | \$ | 307,218 | \$ | (1,310,143) |

Pension plan fiduciary net position:

Detailed information about the pension plan's fiduciary net position is available in the separately issued URS financial report.

Defined Contribution Savings Plan:

The Defined Contribution Savings Plans are administered by the Utah Retirement Systems Board and are generally supplemental plans to the basic retirement benefits of the Retirement Systems, but may also be used as a primary retirement plan. These plans are voluntary tax-advantaged retirement savings programs authorized under sections 401(k), 457(b) and 408 of the Internal Revenue code. Detailed information regarding plan provisions is available in the separately issued URS financial report.

The City participates in the following Defined Contribution Savings Plans with the Utah Retirement Systems:

- 401(k) Plan
- 457(b) Plan
- Roth IRA Plan

4-C. Pension Plans (continued)

| | 2021 | 2020 | 2019 |
|------------------------|--------------|--------------|--------------|
| 401(k) Plan | | | |
| Employer Contributions | \$ 56,504 | \$ 50,526 | \$ 50,908 |
| Employee Contributions | 30,555 | 29,820 | 26,727 |
| 457 Plan | | | |
| Employer Contributions | - | - | - |

| Employee Contributions | 1,560 | 1,560 | 810 |

Employee and employer contributions to the Utah Retirement Contribution Savings Plans for fiscal year ended June 30, 2021, were as follows:

4-D. Contracts

A few of the more significant contracts are as follows:

The City has entered into an interlocal agreement (Snow Canyon Water Project Interlocal Compact) wherein the City reimburses their share of operating and maintenance cost to St. George City based upon Ivins' proportionate ownership/usage of water in the compact.

The City also has a solid waste collection and disposal contract with Washington County Special Service District No. 1 (the District). The contract provides for Redrock Waste System, a subcontractor, to collect and dispose of residential and commercial solid waste within the City. In connection with the agreement, the City is responsible for the monthly billing, collection, and payment of residential collections to the District.

The City has entered into an interlocal agreement with Santa Clara City for Ivins City to provide law enforcement coverage to Santa Clara City. The combination of law enforcement agencies was completed on July 1, 2012. In 2018, the City and Santa Clara City entered into an agreement for Santa Clara City to provide EMS and Fire coverage for Ivins City. The results of operation are reported in this financial report for the entire year.

The City is committed to participate in the Regional Water Line Project. The City incurred \$194,636 in cost during the current audit period and their future ownership costs are expected to be \$2,521,200, or approximately \$229,200 annually for 12 years.

4-E. Rounding convention

A rounding convention to the nearest whole dollar has been applied throughout this report, therefore the precision displayed in any monetary amount is plus or minus \$1. These financial statements are computer generated and the rounding convention is applied to each amount displayed in a column, whether detail item or total. The maximum difference between any displayed number or total and its actual value will not be more than \$1.

4-F. Prior period adjustment

A prior period adjustment for the amount of \$385,021 has been recorded in the General Fund. This adjustment has been recorded to account for revenues in the proper fiscal year related to intergovernmental activities. The adjustment resulted in an increase to the general fund beginning fund balance of \$385,021.

4-G. Subsequent events

In preparing these financial statements, the City has evaluated events and transactions for potential recognition or disclosure through the date of the audit report, which is the date the financial statements were available to be issued.

REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED)

This page intentionally left blank.

Ivins City Notes to Required Supplementary Information June 30, 2021

Budgetary Comparison Schedules

The Budgetary Comparison Schedule presented in this section of the report is for the City's General Fund.

Budgeting and Budgetary Control

The budget for the General Fund is legally required and is prepared and adopted on the modified accrual basis of accounting.

Original budgets represent the revenue estimates and spending authority authorized by the City Council prior to the beginning of the year. Final budgets represent the original budget amounts plus any amendments made to the budget during the year by the Council through formal resolution. Final budgets do not include unexpended balances from the prior year because such balances automatically lapse to unreserved fund balance at the end of each year.

Current Year Excess of Expenditures over Appropriations

For the year ended June 30, 2021, Expenditures within all departments were under the appropriated budget.

Changes in Assumptions Related to Pensions

There were a number of demographic assumptions (e.g. rates of termination, disability, retirement, as well as an updated mortality and salary increase assumption)updated for use in the January 1, 2020 actuarial valuation. These assumption updates were adopted by the Utah State Retirement Board as a result of an Actuarial Experience Study performed for the Utah Retirement Systems. In aggregate, those assumption changes resulted in a \$201 million increase in the Total Pension Liability, which is about 0.50% of the Total Pension Liability as of December 31, 2019 for all systems combined. The Actuarial Experience Study report as of December 31,2019 provides detailed information regarding those assumption changes, which may be accessed online at newsroom.urs.org under the "Retirement Office" column using the "Reports and Stats" tab.

* Paragraph 81.b of GASB 68 requires employers to disclose a 10-year history of contributions in RSI. The 10-year schedule will need to be built

** Contributions as a percentage of covered-payroll may be different than the board certified rate due to rounding and other administrative issues.

STATISTICAL SECTION

This part of the Ivins City Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in financial statements, note disclosures, and required supplemental information says about the government's overall financial health.

CONTENTS

Financial Trends These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time. **Revenue Capacity**

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future years.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operational Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Note: Property tax in the county is assessed annually. The county assesses primary residences at approximately 55% of actual value with all other properties assessed at 100%. Estimated actual value is calculated by dividing assessed value by those percentages. Tax rates listed are per \$1,000 of assessed value.

Note: Full Time Equivalent was calculated by taking total hours paid from the payroll and dividing by the fulltime equivalent hours of 2,080 per year.

At the beginning of Fiscal Year 2013, Law Enforcement combined forces with Santa Clara and became the Santa Clara Ivins police department. All revenue and expenditures of the combined police force are represented in Ivins City's financial statements. A percentage of expenditures is reimbursed by Santa Clara. In 2018, The City combined Fire / EMS with Santa Clara City. Santa Clara provides the services and employees, while Ivins pays a percentage of the expenditures.

Also, at the beginning of Fiscal Year 2013, Emergency Medical Services were separated from the Fire Department and became a standalone department with in Public Safety.

Note: Police, Fire and Ambulance have evolved over the last several years to full-time departments. Prior to 2002 law enforcement in the city was provided by Washington County. The City began an ambulance service in 2008. Ivins City created a recreation department on a full-time basis in 2006. Law Enforcement combined with Santa Clara and EMS was separated from Fire at the beginning of FY 2013. Fire / EMS were combined with Santa Clara in January 2018.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor, and Members of the City Council Ivins City, Utah

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Ivins City, Utah (herein referred to as the "City"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 2, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT AS REQUIRED BY THE STATE COMPLIANCE AUDIT GUIDE ON COMPLIANCE WITH GENERAL STATE COMPLIANCE REQUIREMENTS AND ON INTERNAL CONTROL OVER COMPLIANCE

The Honorable Mayor, and Members of the City Council Ivins City, Utah

Report on Compliance with General State Compliance Requirements

We have audited lvins City's (herein referred to as the "City") compliance with the applicable general state compliance requirements described in the *State Compliance Audit Guide*, issued by the Office of the Utah State Auditor, that could have a direct and material effect on the City for the year ended June 30, 2021.

General state compliance requirements were tested for the year ended June 30, 2021 in the following areas:

Budgetary Compliance Fund Balance Restricted Taxes and Related Revenues Fraud Risk Assessment Governmental Fees

Management's Responsibility

Management is responsible for compliance with the general state requirements referred to above.

Auditor's Responsibility

Our responsibility is to express an opinion on the City's compliance based on our audit of the compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the *State Compliance Audit Guide*. Those standards and the *State Compliance Audit Guide* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the City occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with general state compliance requirements. However, our audit does not provide a legal determination of the City's compliance.

Opinion on General State Compliance Requirements

In our opinion, Ivins City, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the City the year ended June 30, 2021.

Other Matters

The results of our auditing procedures disclosed no instances of noncompliance, which are required to be reported in accordance with the *State Compliance Audit Guide*.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit, we considered the City's internal control over compliance with the compliance requirements that could have a direct and material effect on the City to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance with general state compliance requirements and to test and report on internal control over compliance in accordance with the *State Compliance Audit Guide*, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a general state compliance requirement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a general control over compliance with a general control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a general control over compliance with a general control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a general compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control and compliance and the results of that testing based on the requirements of the *State Compliance Audit Guide*. Accordingly, this report is not suitable for any other purpose.

December 2, 2021

To the Honorable Mayor and Members of the City Council City of Ivins, Utah

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Ivins City for the year ended June 30, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 25, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by lvins City are described in Note 1 to the financial statements. No new accounting policies were adopted, and the application of other existing policies was not changed during 2021. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 2, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the Management's Discussion and Analysis, the Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual – General Fund, and the schedules relating to pensions, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were not engaged to report on the introductory and statistical sections, which accompany the financial statements but are not RSI. We did not audit or perform other procedures on this other information, and we do not express an opinion or provide any assurance on it.

Restriction on Use

This information is intended solely for the use of lvins City, management of lvins City, and other various Federal and State funding and auditing agencies and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Larson & Company, PC
