Congressman Chris Stewart
253 W. Saint George Blvd.
St. George, Utah 84770

**SUBJECT: Letter of Support for Ivins City Irrigation System Improvements, Phase 1, Utah
2nd Congressional District**

Dear Congressman Stewart,

We ask you to support a grant from the Community Project Funding in the upcoming appropriations bill for Ivins City to construct Phase 1 of its irrigation system.

Water resources are limited in Washington County, and the Ivins City irrigation system improvements will allow for the optimal use of lower quality water sources. For years Ivins City has required the installation of irrigation pipelines by developers alongside potable water pipelines in preparation for a future irrigation system. The irrigation system will use water that does not meet drinking water standards, extending our limited potable water supply.

We strongly support Ivins City development of its irrigation system, and we collectively ask your support in this grant request. Thank you.

Respectfully,

A handwritten signature in black ink, appearing to read "Brie Thompson", with a long horizontal line extending to the right.
